

# Easy Operation Steps

Works on Carpet OR Rubber mats!

**1. Turn switch for wet or dry operation.**

**2. Machine will start once all money has been inserted.**

**3. Insert one mat CARPET SIDE DOWN; the machine will slowly pull mat in.**

**4. After inserting all mats, collect clean and dried mats from the wire basket located in bottom front.**

## TIPS

- Remove any clips or detachable objects prior to cleaning.
- If machine stops while mat is inside, press the **GREEN** "PASS" button.
- To stop machine, push the **RED** "STOP" button.
- We recommend a light mist of carpet cleaner solution on very soiled mats or spot cleaning prior to using the machine.
- There will be some moisture on mats when complete, but will air dry in a short amount of time.

## WARNINGS \* USE AT YOUR OWN RISK

- Do not insert damaged or worn out mats.
- Keep children away from the machine.
- Do not insert fingers into the front feeding slot.
- Do not wear a necktie or any garment that may get caught while operating the machine.
- Do not place anything other than floor mats into this machine.
